Workers at Lafayette's Warren Industries eligible for federal aid

INDIANAPOLIS (June 23, 2006) – The Indiana Department of Workforce Development announced today that the U.S. Department of Labor has ruled that former employees of Lafayette's Warren Industries, including on-site leased workers of Pro Resources and Adecco, are eligible to receive federal Trade Adjustment Assistance (TAA).

The TAA program, which is administered at the state level by the Indiana Department of Workforce Development, is made available to workers who are displaced due to foreign imports or shifts in production out of the country.

In order for dislocated workers to be eligible for TAA benefits, a company executive, union representative or three former employees must file a petition with the Department of Labor and it must be approved before benefits can be released. A company official filed a petition on behalf of the workers on March 23, 2006.

The Department of Labor investigation revealed that, during the relevant period, employment and production at Warren Industries declined while industry imports of puzzles and games increased. Consequently, workers at the Lafayette plant qualified for TAA benefits and the findings were certified on April 6, 2006. With the ruling, any employee who has been or will be totally or partially separated from employment on or after March 22, 2005 through April 6, 2008 is eligible to apply for adjustment assistance.

The TAA program provides a variety of benefits and services to help unemployed workers prepare for and obtain suitable employment. Workers may be eligible for a variety of re-employment services, job search and relocation allowances and training. In addition, weekly trade re-adjustment allowances may be payable to eligible workers following the exhaustion of unemployment insurance benefits.

Additionally, the Department of Labor issued a certification for alternative trade adjustment assistance (ATAA) for separated older workers at the Jeffersonville Warren Industries facility. It was found that a significant number of workers at the company age 50 or over possess skills that are not easily transferable and that competitive conditions within the industry are adverse. Older workers may choose between regular TAA benefits or a wage subsidy of 50% of the difference between their new salary and old salary, up to \$10,000.

Eligible parties may contact the Lafayette WorkOne at (765) 474-5411, or any WorkOne Center for more information.
